

Nowadays, the headset has become one of the commonly used communication tools in the office. Whether it is a wired or wireless headset, it is necessary or applicable to work with SIP Phones or PCs in every work scenario.

Therefore, Yealink provides a Full-line incentive program for existing customers who have purchased Yealink T5 or T4 Series Phones and are willing to sell Yealink headsets.

Yealink Incentive Program for Headsets

You can get 1% discount support for the FULL range of SIP Phone and Headset products by purchasing headsets or registering headset projects!

Option 1: Purchase Headset

By purchasing at least 2 UH series headsets and 2 WH series headsets, you will have the chance to apply for the discount. Click the button and submit your information so that Yealink can contact you to offer the discount.

Apply for the 1% Full Line Discount Now!

Option 2: Register Headset Project

Already have a project on hand? Just submit it directly on the Yealink ORS system to enjoy up to 15% off, and Yealink experts will contact you for further communication on providing the extra full-line discount support.

Tier	Quantity (Headset)	Discount (Up to)
Tier 1	100-499	10%
Tier 2	≥500	15%

Register The Project Opportunity

Note:

*Before Yealink offers the 1% full-line discount, you need to upload the Yealink headset service package or product information to your official website.

*Yealink's experts will contact you to double check whether you are qualified.
