

Yealink UVC84-BYOD Meeting Kits for Medium and Large Rooms

Yealink UVC84-BYOD meeting kits are designed for medium and large rooms, providing excellent video and audio experience while with lower cost. Combined with 4K sensor and revolutionized new ID design, Yealink UVC84 USB camera provides a best ever video experience for your meeting. Featured 12x optical lossless zoom and 3x digital zoom, UVC84 reproduces every single detail in meeting room, which is perfectly fit for medium and large room. Furthermore, UVC84 covers a wide field of view of 80°, with mechanical pan, tilt that can be easily done either by remote control or Yealink camera control plug-in software. Combined with VCM34 array microphone and MSpeaker II, UVC84-BYOD kits are delivering best in class video and audio quality to all participants. All of that makes Yealink UVC84-BYOD kits the ideal choice for a truly collaborative, true-to-life communication in medium and large rooms.

Key Features and Benefits

4K Ultra HD video quality

UVC84 camera delivers 4K video output with excellent sharpness and smoothness, accurately reproducing every detail, color and therefore awarding you a vivid video experience.

HD zoom, large field of view

With 12x optical zoom, 3x digital zoom and 80° field of view, UVC84 can easily cover a medium or large meeting space. Everyone sitting in the meeting room can be clearly seen by the remote party.

Auto Framing

UVC84 camera aims to provide a better auto framing feature to free your hands from doing PTZ control and make you focus on your meeting.

Excellent Audio Experience

UVC84 camera integrates the audio feature in it as well. Perfectly working with the UVC84 camera, VCM34 array microphone combined with MSpeaker II soundbar is capable of providing a wonderful audio experience.

Easy and Flexible deployment

The complete mounting kits bring you a quick and flexible installation method, which allows you to either put UVC84 on the conference table or mount it on the top of TV, on the wall, on the ceiling, onto a TV stand or a tripod according to your needs.

- 4K video at 30 frames per second
